LAKE ORION, MICHIGAN— August 7, 2018 — US Taxpayer Gubernatorial Nominee, Todd Schleiger came out swinging after hearing that Bill Schutte and Gretchen Whitmer were their party’s nominees for Governor of Michigan. Schleiger said, “Electing either of these candidates will set Michigan back another 20 years...” He went on to say, “If Gretchen was so concerned about the ‘Damn Roads’ why hasn’t she done anything about it in her first 17 years in office?”

When it came to Bill Schutte and his 30 year political career, Candidate Schleiger was furious, “Why did it take Bill Schutte years to even start an investigation on my hometown of Flint?” He continued, “Flint was only the beginning, the state was years behind in the Larry Nassar investigation... If that is how Schutte ran his office when it came to glaring offenses, how is he going to govern from in front and lead our state?”

Unveiling his stances and well thought solutions for his campaign:

From taxes, to insurance to the “Damn Roads” Schleiger has a well-structured plan. Not a career politician, Schleiger knows the road is a difficult one, indeed. In his words, “My roads, to the state capitol, are at least paved without any orange barrels. Career politicians, Schutte and Whitmer will be able to get a great seat as we roll by.”

SAY NO TO THE STATUS QUO

Candidate Schleiger, is not a member of the political past, his nomination shows the US Taxpayer Party sees a future where every day, “Status Quo” government is a thing of the past. Todd is also endorsed by other Independent Parties: Michigan Natural Law Party, The Modern Whig Party and civic groups such as The Education Watchdogs, Protect Out Stolen Treasures, Featured on the Michigan Norml Website and Hippies for the Homeless.
