**LAKE ORION, MICHIGAN— August 9, 2018** — US Taxpayer Gubernatorial Nominee, Todd Schleiger has a plan to start Michigan Teacher’s salaries at \$60,000 a year, and still **not raise taxes**. The plan raises the state budget and eliminate local school boards from scavenging the money. Schleiger said in a recent interview, “If we start salaries in a competitive arena, we will keep the best and brightest talent here at home.” Over the past several months others have plagiarized, the policy but every candidate had a tax attached to the plan. Todd’s plan which was unveiled in late 2015 when he announced his candidacy has several other benefits to Michigan Education.

## **Unveiling his stances and well thought solutions for his campaign:**

From Education, to taxes, to insurance to the “Damn Roads” Schleiger has several well-structured plans. Not a career politician, Schleiger knows the road is a difficult one, indeed. In his words, “If we do well by our teachers, Our kids and grandkids will be exposed to the countries best educational system. Their growth, learning curve and futures will breed a brighter Michigan”

## **SAY NO TO THE STATUS QUO**

Candidate Schleiger, is not a member of the political past, his nomination shows the US Taxpayer Party sees a future where every day, “Status Quo” government is a thing of the past. Todd is also endorsed by other Independent Parties: Michigan Natural Law Party, The Modern Whig Party and civic groups such as The Education Watchdogs, Protect Out Stolen Treasures, Featured on the Michigan Norml Website and Hippies for the Homeless.
