## **(I)Todd Schleiger to Speak at Un-Resource Fair at Tech Town!**

Lake Orion, Michigan August 3, 2018 – (I)Todd Schleiger for Governor of Michigan will be in attendance to speak at the Un-Resource Fair at TechTown on August 6, 2018 in support of public education in the State of Michigan. Todd Schleiger is big supporter of the Public Schools in Michigan where the current national ranking is around 39. He would like to help better the system to boost it to near the top 10 in the nation. When asked about his stance, Todd simply said, "Both parties, Democrats and Republicans, should be ashamed of themselves for how they have devastated the American family. They have done nothing to help the people of Michigan for too long." Schleiger continued, "...if any or all of the other candidates want to say otherwise, I offer the chance to debate in a public forum anytime anywhere."

Todd Schleiger is the man for the job when it comes to our school funding. Todd will fight for teachers pay to be a minimum of \$60,000 and bring into law shrinking the size of our classrooms in K-12 to a maximum of 28 students or similar to many other states. Though a strong advocate for our public schools and universities, he also believes in accountability to be upheld on all ends. He believes our schools should shift more towards "STEAM" academics than the current "common core". His projected budget is at \$20 billion instead of the current \$15.2 billion, putting more into the classrooms and teachers not the administrations.

Todd Schleiger is that man in the middle, the voice of every citizen that has been ignored and forgotten as both parties have held their hands out to the big business dollars. Equal pay is every worker's right. The same workers that have had both parties saying for decades how much they fight for them. If the fight was real then the Republican and Democratic Parties would have solved this serious issue. Make no mistake the status quo will tell you anything to keep their jobs. We say "NO TO THE STATUS QUO!"
